Part B Requirements and/or Recommendations

1. Copies of the regulations, forms, interpretations, and manuals are available from a variety of sources. Check the FMCSA website for a current list of suppliers. www.fmcsa.dot.gov/safety-security/eta/index.htm
2. Ensure that all vehicles are properly marked with your name or trade name and U.S. DOT number. If your vehicles are also periodically operating for other carriers, they must be marked with that carrier's name and U.S. DOT#.
3. Conduct periodic internal reviews of your driver qualification, hours of service control, maintenance, accident analysis/reporting, training, and other safety systems to ensure continued compliance with the FMCSR.
4. Obtain a copy of each driver's driving record and review it annually.
5. Review the circumstances under which a CDL is required. CDL and drug testing rules apply to both interstate and intrastate commerce.
6. Ensure that drivers provide a 10-year employment history on their employment application.
7. Ensure that all drivers are fully and properly qualified before operating in interstate commerce. Maintain a complete file as required for each driver, documenting the qualification process.
8. Maintain all required controlled substance testing records including yearly summaries, quarterly summaries, test information, test results, records of training etc., as required by 49 CFR Parts 40 and 382 of the FMCSR.
9. Require all drivers to prepare complete and accurate records of duty status for each day, and to submit them within 13 days. Maintain all duty status records on file, with all supporting documents, for at least 6 months.
10. Ensure that all documents supporting records of duty status (such as toll, fuel repair and other on-the-road expense receipts, as well as invoices, bills of lading, dispatch records, etc.) are kept on file for at least 6 months.
11. If you want some drivers to use the 100 air-mile radius exemption, make sure that the drivers meet all terms of the exemption, including being released from duty no more than 12 hours from when they report for duty. Logs must be prepared if a driver does not meet the 12 hour requirement.
12. Toll receipts and other on-the-road expense receipts, invoices, bills of lading, dispatch records, and other "supporting document" must be kept on file for six (6) months. This requirement also applies to records generated by the use of owner-operators. You may keep legible photocopies in lieu of originals.
13. Establish a systematic maintenance records program for all vehicles. Maintain a complete file for each subject vehicle, recording all repair, maintenance and inspection operations performed.
14. This report contains citations of regulations that are deemed serious in nature and could result in penalties against your company and/or your drivers.
15. Within 15 days, send a letter to the South Carolina State Transport Police describing what actions you have taken in response to this review to ensure that you are complying with the Federal Motor Carrier Safety Regulations. ATTN: L/cpl. Terry W. Harvey
